

**28<sup>th</sup> April 2003**  
**Lambeth LGBT Forum**

Apologies Nick and Jake

1.

The forum has £10,00 from the "Building Safer Communities" budget. This will be spent on promoting the Lambeth forum.

£4,000 will go towards:

- Internet site
- 3<sup>rd</sup> party reporting forms
- Access to web site/develop internet site for the forum

£6,000 will go towards (this is not really part of the forum):

- 3<sup>rd</sup> party reporting site – not police run

2.

3<sup>rd</sup> party reporting site – Andy has arranged for this to be run from UK Collation. Their staff will run this on a voluntary basis; Andy will give training.

Sarah and Vita said that the UK C may not be a suitable venue, they will come up with an alternative venue at the next meeting, focusing on suitability for lesbians.

It was suggested that victim support could be a reporting site, Tim in agreement.

3.

Andy and Vita will speak before the next meeting to brainstorm ideas for the forum Internet site.

4.

Andy's poster provided some difference in opinion. After debate it was decided that the `diverse` posters wording maybe offensive. Rather than words it was decided that pictures maybe used. Anyone with any clip art pictures please e-mail them to Andy.

The group welcomed `Name that Borough` poster. Tim suggested that the victim support phone number should be added.

Telephone numbers will be changed from 0208 to 020 8

5.

It was suggested that at the next PCCG meeting requests should be made to Comm Quinn for HO crime figures. Not really a forum issue.

6.

Vita – to get in touch with Albany Trust, with reference to a trans rep.

Andy – to speak to Rachael (LGBT Advisory group) on trans rep.

7.

Dan – to attend Camden Forum and report back.

8.

Dan – put forum on Gay to Z

9.

Dan – invite manager of local sauna to next forum meeting

10.

Members of the forum wondered what their remit was. Everyone is asked to bring his or her ideas to the next meeting.

11.

It was suggested that a leaflet drop in the West End might increase the awareness of the forum.

No other issues raised.

Dan
